SUMMARY

Dynamic Web Developer with over 4 years of robust experience in creating and optimizing React Laravel and WordPress applications. Proven track record of enhancing site performance by 20% and elevating responsiveness by 30%, while successfully guiding over 30 students through complex web development concepts. Employing advanced techniques in SEO and web accessibility, consistently delivering high-quality solutions. Ready to leverage these skills to drive web innovations and achieve optimal results for prospective employers.

WORK EXPERIENCE

Web Developer | Solution4U

11/2024 – Present, Remote

- Architected and maintained internal WordPress-based portals and React.js frontends, utilizing Laravel APIs to facilitate high-speed, data-driven workflows.
- Developed dynamic analytics dashboards in React, integrating ACF and custom REST API endpoints to optimize content.

PHP Web Developer(Hybrid) | Muzzlab Technologies

12/2023 – 11/2024, Lagos, Nigeria

- Engineered and maintained Laravel and React applications utilising MySQL, achieving a 30% increase in responsiveness.
- Executed WooCommerce and REST API integrations for diverse e-commerce clientele.
- Pioneered AI-based tools that facilitated accelerated development and debugging, reducing turnaround time by 15%.
- Partnered with designers to translate Figma prototypes into responsive, pixel-perfect websites.

Full Stack Web Developer | Tramigo Tracking and Connectivity

10/2021 – 12/2023, Lagos, Nigeria

- Constructed and optimized React, Laravel and WordPress-based tracking applications.
- Oversaw WooCommerce product systems and analytics integrations, augmenting engagement by 25%.
- Refined page load times by 25% through database optimisation and caching techniques.
- Ensured web accessibility and SEO compliance across all deployed sites.

Freelance Web Developer & Tutor (Volunteer) | OFA Training Institute

01/2020 – 10/2021, Benin, Nigeria

- Managed full-stack project delivery for 30+ internal initiatives, utilizing PHP (Laravel), JavaScript, and WordPress to build scalable web solutions
- Oversaw technical documentation and code review processes, establishing a focus on secure, testable, and maintainable codebases.
